

Notification of Foundation and Application of Food Compliance Management System

All related enterprises and units:

As a big country in food production and consumption, China has witnessed the vigorous development of local enterprises, which has attracted many oversea exporters to participate in the investment in China. To ensure food safety, China implements four "the strictest" policies in the food field, which are "the strictest standards, the strictest supervision, the strictest punishment and the strictest accountability". For oversea exporters, it is particularly important to fully understand the Chinese food supervision system, comply with Chinese food laws and regulations, and to provide products and services in compliance in their production and service.

In order to facilitate the circulation of more products in the Chinese market for domestic and foreign enterprises, Yantai Foodmate Information Technology Co., LTD. (Foodmate Network) actively introduces Chinese food-related laws and regulations to domestic and foreign enterprises. At the same time, Foodmate cooperates with colleges and universities with food majors to cultivate food compliance management talents, and promote food compliance management as one of the necessary skills for talents in the food field.

Shanghai Urban Construction Vocational College takes the lead in international communication and cooperation, and undertakes the compilation of the foreign version of the vocational skill standard of food compliance management. As a training and evaluation organization for vocational skills certificate of food compliance management, Foodmate has bountiful experience in international cooperation of food compliance management. In order to expand the influence of international communication and cooperation of food specialty and promote the international awareness of food compliance management,

Foodmate plans to organize an online communication on "Foundation and Applications of Food Compliance Management System" on October 25, 2022 (GMT+8) . The relevant matters are hereby notified as follows:
